As per the requirements of the Ministry of Education, Aadhaar numbers of all students studying in classes Play Group to XII are compulsorily required to be updated in the UDISE+ website. Thus, parents are requested to update the Aadhaar number of their ward in the school website under the tab marked, "Student's Zone", latest by the 14th of November. If for any reason whatsoever, you have not yet applied for your ward's Aadhaar card, please apply for it immediately and do inform the school office the reason for the same.
