

Dear Madam

I am writing to you as XXXX is appearing her exams in the next room.

Today is again one of those days which depict that it is not only the test of knowledge that my daughter is appearing, but the test of values and ethics implanted by the school. Ready with her school uniform (except her shoes) and neatly done hair about 1 hour before the exam, the moments of 'pin drop' silences, the effort and concentration put in completing her papers and most importantly, the fair means that won over temptations- these all define a true Dolna child. I thank you from the bottom of my heart for this.

It feels like we are sitting in the waiting area of the school, while our children are appearing their exams. The discipline intact even in the home atmosphere. The virtual presence of teacher is as good as real. I never had any idea that an exam can be conducted so smoothly even through online mode.

As you must be knowing, my daughter has the habit of getting tensed during her exams, thus resulting in headache, nausea, etc. In earlier times, in similar situations, she has got the help and support of her teachers at school, who have boosted her morale with kind words. Today also, before the exam started, she was very tensed about how the exam would go. But once she logged in and interacted with her teacher, everything became okay once again. This reflects the love our children have for their school and teachers. I am grateful to Dolna for this.

Children are missing their school and teachers very much. Your kind support, cooperation and encouragement in these tiring situation is indeed a great boost for them.

I take this opportunity to again thank you all for everything you have done for the children.

Please stay safe.

Your's faithfully,

YYYYYYYY
